

OFFICE MEMO

TO: Distribution List

DATE: May 6, 1999

FROM: John Pacheco *J.P.*
Office of State Water Project PlanningSUBJECT:
Department Review of CALFED
Administrative Draft Documents for
the PEIR

Attached is a copy of the Department's comments for the CALFED administrative draft EIS/EIR Impact Analysis Document given to CALFED staff Thursday morning May 6.

As discussed in Lester Snow's April 23 memo CALFED has scheduled **May 10 and 11 (MONDAY & TUESDAY)** to discuss agency comments to the Administrative drafts of the Impact Analysis Document and Multi-Species Conservation Plan and resolve conflicting comments and red flag issues. Two representatives from DWR may attend. This process is similar to the one we participated in a year or so ago.

Please notify key people on your staff that may be needed for this review. CALFED should be providing a schedule showing when particular topics will be discussed.

CALFED will be providing copies of all agencies' comments prior to May 10. This will help determine who from DWR should attend the May 10 & 11 meetings and when.

If you would like to identify particular people for this review now, please do so. We can wait for the schedule and the consolidated comments of all the agencies, but the time to notify your staff will be short. Please let me know how you want to do it.

If you have any further questions please call me at 653-6426.
